Education

Tulane University. New Orleans, LA. 2004 - 2009

Bachelor of Architecture, Masters of Architecture

Pursued a variety of academic interests, including Architecture (Studio, Digital Media, History and Theory), Art (Photography, Printmaking, Screenprinting), English (Creative Writing, Poetry I, Literary New Orleans), and Film (Cinema I, Screenwriting, Literature and Film).

The Bartlett Faculty of the Built Environment, University College London,

London, UK. Sep 2007 - June 2008

Attended during my fourth year as part of the "Junior Year Abroad Program." Studies included immersion into a design unit, each of which pursued distinct and unique design themes. The year included trips to Brussels and Madrid and two projects that explored the architectural flip, architecture that can programmatically and mechanically change forms.

Pratt Institute. New York, NY. Fall 2005

Attended Pratt while displaced from Hurricane Katrina. Studies focused on Architecture and Intermediate Photography.

Professional Experience

Sterling and Ross Publishers. New York, NY.

November 2009-present

Work part-time as a book cover designer for the publishing company. Duties include design and layout of an assortment of covers.

Michael Crosby, Architect. New Orleans, LA.

July 2008-February 2009

Assisted in the creation, organization, and design of a booklet on Sustainable Housing techniques from the 20th century and design methodologies for the 21st century. Duties included case study and housing typology research, diagramming, architectural drafting, and graphic design.

Habitat for Humanity. New Orleans, LA.

May 2007-August 2007

Spent several months with Habitat for Humanity rebuilding houses around the New Orleans area in neighborhoods affected by Hurricane Katrina. Gained first hand knowledge of Type V construction from foundations and framing to roofing and finishing.

Tulane University Housing and Residence Life. New Orleans, LA.

August 2005-May 2007

Resident Advisor to 30+ incoming freshmen each academic year. Duties included acting as counselor and resource to the residents about Tulane and its available support programs as well as functioning as a liaison between the administration and the student body. Learned to work well within a team of peers as well as lead and building community among a group of individuals.

Tulane University School of Architecture Digital Output Lab. New Orleans, LA.

Gained extensive experience using various large-scale plotters and a lazer cutter.

Honors / Achievements

Sigma Tau Delta member. Honor society recognizing academic achievement in architectural education

Project "Diametrics" selected among thirty student projects for submission to the Architectural Record competition "High Density on the High Ground" (with Matt Lupiani)
